SENATRANS
UKRAINE

SENATRANS
UKRAINE

We are an Italian-owned Ukrainian company. We offer the 20 years of experience of an international company and, even in a country characterised by geopolitical instability, we guarantee a safe, efficient and safe, efficient and punctual. To do this we provide experience in countries that are and have been the scene of war. A solid network of contacts on the ground and an extensive network of hubs throughout Europe and Canada enable us to guarantee shipments to and from all EU and non-EU territories. We operate successfully in the automotive sector, consumer, industrial, electronics, white goods, food&beverage.

TRANSPORT

WE TRAVEL 450 MILLION KILOMETRES A YEAR TO ALWAYS BE WHERE WE ARE MOST NEEDED.

Senatrans Ukraina is specialized in road transport. 365 days a year, within 24/48H, we reach any EU and non-EU destinations, offering all solutions to optimise time and costs.

FULL LOAD (FTL)

Dedicated vehicles, maximum flexibility in scheduling of transport, a customised and fast door-to-door service, whatever the type of load.

PARTIAL LOAD (LTL)

Efficient solutions for freight consolidation and transport, designed to optimise costs by exploiting synergies between companies.

HUB-TO-HUB EXPRESS SERVICE

A service of daily and multi-day departures to and from our hubs in Poland, France, Romania, Ukraine, Canada and Italy. Guaranteed delivery in 24/48H, also for LTL loads and for different cargo volumes.

LOGISTIC

THE WINNING CHOICE? OPTIMISE TO BE MORE COMPETITIVE.

Senatrans Ukraina offers outsourcing and 3PL services; dedicated resources and means to offer clients all the value added value of high-performance business development solutions performance for the supply chain.

INBOUND

Optimisation of return logistics; supply chain management chain; coordination of collection centres and internal warehouses with factories and production lines; activities of equipment and assembly.

OUTBOUND

Primary transport; secondary transport; return logistics; management of sorting centres; availability of flexible areas; assistance/back office; verification of services rendered.

ON DEMAND

Feasibility/compliance studies; flow analysis; cost reduction; advanced systems design; realisation of logistics areas turnkey; development of work plans specifically designed in line with the needs of each individual customer.
